September Birthdays

In astrology, those born from September 1–22 are Virgo's virgins. Often symbolized by the goddess of agriculture, Virgos are deeply connected to the material world. They are logical, practical, and aware of every detail. Those born from September 23–30 balance the scales of Libra. Libras strive for equilibrium and symmetry and flourish in harmonious partnerships. Libras often surround themselves with tasteful art objects and designs that create balanced environments.
